CSM is pleased to present you with our 40-year Select limited warranty.

For forty (40) years from the date of installation the color coated finish WILL NOT crack, check or peel (lose adhesion). This does not include minute fracturing, which may occur in proper fabrication of the building parts. *Failure due to substrate corrosion is excluded.*

SIDEWALL PANELS (for thirty (30) years from installation or thirty and one-half (30 ½) years from coating application)

- a. WILL NOT chalk in excess of ASTM-D-4214-98 method A D659 number nine (9) rating.
- b. WILL NOT change color more than five (5.0) Hunter ΔE units as determined by ASTM method D-2244-02. Color changed shall be measured on an exposed painted surface that has been cleaned of surface soils and chalk, and the corresponding values measured on the original or unexposed painted surface. It is understood that fading or color changes may not be uniform if the surfaces are not equally exposed to the sun and elements.

In case of a complaint, you will provide access to us and assist us as necessary in determining the exact cause of the failure. ASTM and NCCA testing procedures will be used.

If our Select coatings fail to comply with our limited warranty, we will pay for the labor and material reasonably necessary to repaint, repair or replace, at our option, the building part showing the failure. In order for the warranty to be effective, however, you must notify us in writing of the failure within thirty days of the discovery of such problem and provide any documentation we may require. If we repaint, we will use normal painting practices using the same paint system or other suitable alternatives. This warranty also applies to the part we repaint, repair, or replace, but only for the unexpired portion of the warranty period applicable to the original part.

Our LIMITED WARRANTY DOES NOT APPLY to circumstances which we do not control, including:

Acts of God, falling objects, explosions, fire or other such similar or dissimilar occurrences beyond CSMI's control;
Unusual harmful fumes, foreign substances in the atmosphere, standing water, or salt spray;
Improper treatment of or defects in the metal or in the fabrication; and
Stored or installed in a way that allows for poor air circulation;
Stored or installed in a way that allows for contact with animals or animal waste;
Mishandled Products, e.g., ANY PRODUCT THAT HAS BEEN ABUSED, ALTERED, MODIFIED, USED IN A MANNER NOT ORIGINALLY INTENDED, OR STORED CONTRARY TO OUR INSTRUCTIONS. Including a) damage to the product occasioned by condensation attributable to improper packaging, handling, shipping, processing and/or installation; b) damage due to failure of the substrate.

This warranty will apply only to metal, which is coated with Fluoropon and used on property located within the Continental United States, Alaska and Canada.

Some colors may not meet our high standards. The warranty applies only to colors that are on our approved color list. Metallics are not color measurable and are not applicable to section 1b.

The Select coil coatings have a limited shelf life. So this warranty applies only to the Select panel coil coatings applied by you within six months after CSMI ships it.

For our warranty to apply, you must maintain certain records. You need to make them available to us for inspection and copying. These are:

Records necessary to identify the Select panels involved in a complaint.

This is our only warranty concerning the Select products color coated finish. We have no other obligations concerning them. Please read and understand the following:
