

# 5V™

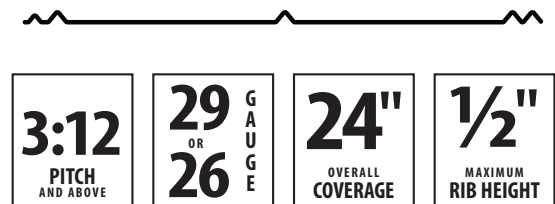

## Residential and Light Commercial Roof Panel

# A *proven favorite* popular for historical applications

This low-rib, exposed fastener panel is one of the oldest metal roofing profiles in the marketplace. 5V provides a classic appearance for residential, agricultural and light commercial roofing applications. It is especially popular in coastal areas.

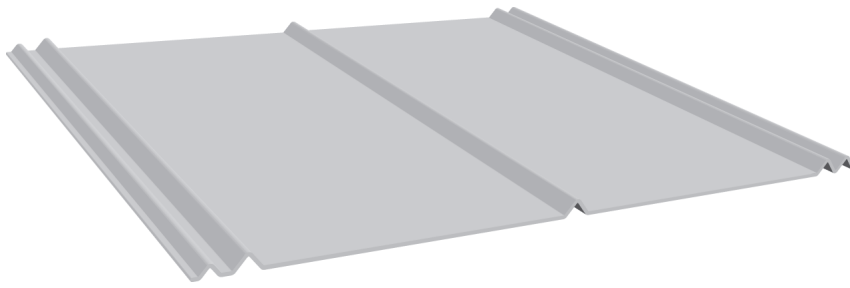

- Available in 26 gauge painted Galvalume: forest, rustic, brilliant, black and burnished slate.
- Matching trim available in 26 and 29 gauge.
