

Manufacturer's ENERGY STAR Certification

Central States® certifies that the following colors meet or exceed ENERGY STAR program requirements for steep-slope (greater than 2:12 pitch) roofs and are Eligible Building Envelope Components that qualify for the tax credit allowance under §25C. The tax credit for 2016 is valid for residential re-roofs only, on a primary residence. Residential metal roofs installed in 2015 may also qualify for the tax credit. Restrictions may apply, visit the ENERGY STAR website for more details. Consult a tax professional for specific tax advice.
