

# Perforated Soffit

Perforated Panel-Loc Plus™ Panel

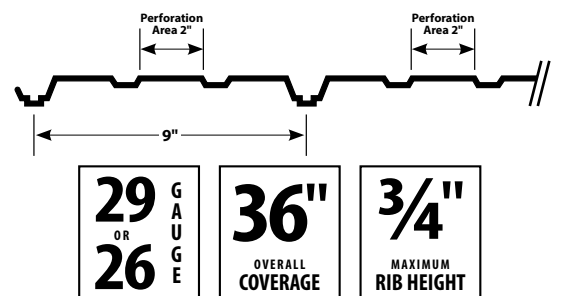

## Superior ventilation designed for **easy installation**

Central States' perforated soffit panel includes the same durable performance of Panel-Loc Plus™ with the added benefit of ventilation. Available in 26 and 29 gauge metal, this panel provides three feet of coverage to help with easy installation. It is perfect for residential, light gauge, and light commercial projects.

Available in Prime or Thrifty paint systems, or acrylic coated bare material for the product that best fits the project.

- Unique lap groove hides the overlap, giving a smooth, clean appearance.
- No warranty on perforated panels.
- 29 gauge part number: PERFP(color)+
- 26 gauge part number: PERFHR(color)+
